- >1880
- >1808
- >1890
- >1856

Answer:

- >1890
-
-

5) [Raniganj coal field is in -](#)

- > Bihar
- > Orissa
- > West Bengal
- > M.P.

Answer:

- > West Bengal
-
-

6) [Haldia refinery is located in-](#)

- > West Bengal
- > Bihar
- > A.P.
- > Orissa

Answer:

- > West Bengal
-
-

7) [Production of oil from Bombay high was started in-](#)

- > 1973
- > 1975
- > 1970
- > 1978

Answer:

- > 1973
-
-

8) [Korba coal field is in -](#)

- > Andhra Pradesh
- > Maharashtra
- > Chhattisgarh
- > M.P.

Answer:

- > Andhra Pradesh
-
-

9) [The potential capacity of power production in India at present in -](#)

- > 52000 MW
- > 76000 MW
- > 81000 MW
- > 92000 MW

Answer:

>81000 MW

10) Pooga valley and Manikaran are associated with-

- >Tidal energy
- >Solar energy
- >Geothermal energy
- >Wind energy

Answer:

>Geothermal energy

11) India's first solar ponds Bhuj Solar Pond project is being constructed in the state of-

- >Rajasthan
- >Maharashtra
- >Gujarat
- >Andhra Pradesh

Answer:

>Andhra Pradesh

12) The number of atomic power plants existing in India today is-

- >6
- >7
- >8
- >9

Answer:

>9

13) Which of the following nulti purpose project and the rivers on which they are situated in not correctly matched-

- >Salal--- Satlaj
- >Nagarjuna----Krishna
- >Ukai----tapi
- >Hirakund---Mahanadi

Answer:

>Salal--- Satlaj

14) The non conventional sources contribution to the total energy production is-

- >1%
- >2%
- >3%
- >4%

Answer:

- >1%
-
-

15) Which one of the following plant is not a thermal plant:-

- >Pykara
- >Dhuvaran
- >Faridabad
- >Obra

Answer:

- >Pykara
-
-
